DETAILED ACTION

Reason of Allowance

1. Claims 2-38 are allowed.
2. The following is an examiner's statement of reasons for allowance: It is agreed that the prior art of record fail to teach or suggest, alone or in combination, the following limitations: "dividing the amount of movement into an incremental amount of movement, which will each be carried out in a specified time and outputting movement signals at each of a plurality of specified times corresponding to the amounts of movement determined in the dividing" in a manner claimed in claim 2 and 21; "a processor, associated with the lighting unit, and operating to receive a control for movement of a lighting control parameter, and to divide the control into a divided control unit representing an amount of movement for each of the parameters which will occur at each of a plurality of times" in a manner claimed in claims 11 and 31. It is for these reasons in combination with all the other limitation in the independent claims 2-10; 11-19; 20-30 and 31-38; and in light of the terminal disclaimer filed on 10-28-04, that claims 2-38 are allowable over prior art of record.

Conclusion

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
